Industry-Specific VAT Training

We provide fully customized VAT training programs tailored to the unique compliance challenges, transaction structures, and regulatory requirements of your specific industry sector.

Retail & Trading

VAT on point-of-sale transactions, discounts, and supply chain

Manufacturing

Input VAT recovery, raw material imports, and production cycles

Logistics & Supply Chain

Cross-border transactions, designated zones, and freight VAT

Construction & Real Estate

Real estate VAT, developer obligations, and project billing

Healthcare

Exempt vs zero-rated medical supplies and services treatment

Hospitality

VAT on accommodation, F&B, and entertainment services

Free Zone Companies

Designated zone rules, inter-company transactions, and exports

E-Commerce

Digital services VAT, B2C/B2B rules, and cross-border sales

Financial Services

Exempt financial services, partial recovery, and Islamic finance

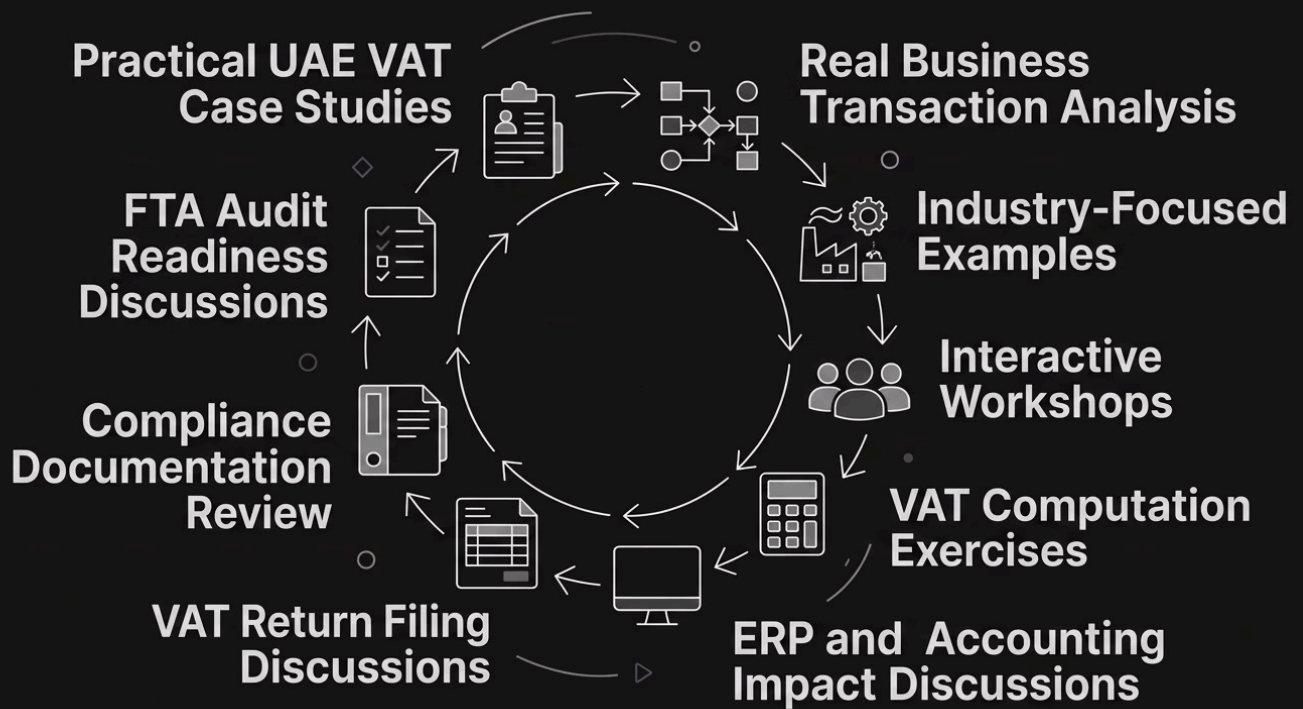

Government Entities

Government & semi-government VAT obligations and refund schemes

Our Training Methodology

Our UAE VAT training programs are built on a practical, participant-centered methodology. Rather than delivering only theoretical knowledge, we combine interactive tools and real-world scenarios to ensure participants can immediately apply what they learn.

- ✔ One of the key highlights of our programs is the use of **customized case studies** based on the client's actual business model, transactions, operational structure, and industry-specific VAT challenges, helping participants directly relate VAT concepts to day-to-day business activities.

Who Should Attend & Training Delivery Options

Who Should Attend?

Our programs are designed for professionals across all departments involved in VAT-related decisions:
