3

Jul–Aug 2026

18 July to 15 August

Including the latest updates on VAT Executive Regulations from the **Federal Tax Authority (FTA)** keeping you ahead of compliance requirements in an evolving regulatory landscape.

Course Features & Program Highlights

This advanced UAE VAT course is meticulously crafted to deliver not just theoretical knowledge but practical, immediately applicable skills. Our distinguished expert faculty brings decades of real-world experience across the UAE's diverse business landscape, ensuring every participant gains the strategic insight needed to navigate complex VAT scenarios with confidence and precision.

Expert Faculty

Learn from seasoned tax professionals, chartered accountants, and industry leaders with deep UAE VAT expertise and FTA engagement.

Practical Approach

Hands-on experience with real-world applications, live case studies, and interactive problem-solving scenarios drawn from UAE business practice.

Certification

An official Attendance Certificate awarded upon completion, recognized by employers across the UAE as a mark of VAT professional competency.

Networking

Connect with peers, industry experts, and fellow finance professionals for valuable long-term professional relationships within the UAE tax community.

Sector-Specific Focus

Tailored modules covering real estate, insurance, healthcare, financial services, and customs – addressing unique VAT challenges in each industry.

Interactive Learning

Engaging discussions, live polls, virtual activities, and filing demonstrations designed to enhance understanding and long-term knowledge retention.

Complete Course Curriculum

The 12-module curriculum has been designed by leading UAE tax professionals in alignment with the latest Federal Tax Authority (FTA) guidelines and VAT Executive Regulations. Each module builds progressively upon the last, taking participants from core VAT concepts through to advanced sector applications, administrative procedures, and the cutting-edge world of e-invoicing and live VAT filing demonstrations.

Module 1

Basics of UAE Value Added Tax

Establish a solid foundation in UAE VAT principles, legislation, and FTA registration requirements, with a focus on advanced concepts for experienced practitioners.

Module 2

Levy, Date of Supply and Place of Supply Rules

Master the critical rules governing when and where VAT is levied, including time-of-supply provisions and cross-border transaction implications.

Module 3

Intricacies of Designated Zones and Related Customs Obligations

Deep-dive into the VAT treatment of UAE Designated Zones, free zone transactions, and the intersection with customs duty frameworks.

Module 4

Input Tax - Do's and Don'ts

Navigate the complex rules for input tax recovery, blocked categories, apportionment methods, and common compliance pitfalls to avoid costly errors.

Module 5

VAT Return, Refunds, and Tax Invoice Requirements

Practical guidance on preparing accurate VAT returns, processing refund claims, and ensuring tax invoices meet all FTA requirements.

Module 6

Administrative Procedures

Understand FTA audit processes, voluntary disclosures, penalties framework, record-keeping obligations, and best practices for maintaining regulatory compliance.

Advanced Modules: Sectors, E-Invoicing & Filing

The second half of the curriculum dives into specialized, high-value topics that set this course apart from standard VAT training programs. These advanced modules address the unique compliance challenges faced by specific industries, explore the implications of UAE Customs regulations, and prepare participants for the rapidly evolving landscape of digital tax administration — including the UAE's landmark e-invoicing mandate.

Module 7

Real Estate Sector, Director Services & Refund Scheme Provisions

Explore VAT on property transactions, the first supply vs. subsequent supply distinction, director services treatment, and eligibility criteria for UAE refund schemes.

Module 8

Insurance, Financial Services & Healthcare Sector

Tackle the nuanced VAT treatment of exempt and partially exempt financial services, insurance products, and the healthcare sector's specific VAT obligations and zero-rating provisions.

Module 9

Transfer of Business & Transfer of Shares

Understand the VAT implications of mergers, acquisitions, business transfers as a going concern (TOGC), and share transactions within the UAE corporate landscape.

Module 10

UAE Customs Policies, Procedures and VAT Impact

Examine the interplay between UAE customs regulations, import/export VAT obligations, and compliance strategies for businesses operating at UAE ports of entry.

Module 11

E-Invoicing

Stay ahead of the curve with comprehensive coverage of the UAE's e-invoicing framework, technical requirements, implementation timelines, and strategic readiness planning.

Module 12

VAT Filing Demo

A live, hands-on demonstration of end-to-end VAT filing on the FTA portal, consolidating all course learning into practical, real-time filing competency.

- ☑ By completing all 12 modules, participants will be fully equipped to navigate UAE VAT with **strategic confidence** becoming indispensable compliance assets to their organizations.

Meet Your Course Mentors

This program is led by an exceptional panel of **10 distinguished UAE tax professionals** — all practicing Chartered Accountants and senior industry leaders with extensive hands-on experience in FTA compliance, VAT advisory, and corporate finance across the UAE's most dynamic sectors. Their collective expertise ensures participants receive not just academic knowledge, but real-world strategic insight.
